

Sustainable Management of Internal Parasites in Sheep and Goats

DATE & TIME:

Saturday, June 23, 2018

LOCATION:

9 a.m. to 1 p.m. at
1310 Anthony Hall,
Department of Animal
Science, 474 S. Shaw
Lane, East Lansing, MI
1 p.m. to 3:30 p.m. at
MSU Sheep Teaching
and Research Center
Lambing Barn, 5525
Bennet Rd., Okemos

COST:

\$50/person

Additional members of
the same family may
attend for \$35 each (only
one FAMACHA card per
family)

CONTACT:

Carla McLachlan,
MCLACHL2@anr.msu.edu, 474
S. Shaw Lane, Room 1287,
East Lansing, MI 48824.

Make checks payable to:
Michigan State University.

OVERVIEW:

Control of internal parasites is a major health challenge in sheep and goat production. Parasites thrive in our climate and are a challenge to control, as control methods used in the past have led to development of parasite populations that are resistant to the drugs used in control programs. Effective and sustainable control programs therefore need a new approach. To address this, the MSU small ruminant extension team is hosting a special educational program on the sustainable control of parasites in sheep and goats on June 23 on the MSU campus. Classroom sessions in the morning will be expanded upon in afternoon labs at the MSU Sheep Teaching & Research Center. Participants will receive additional material before the workshop via email. Lunch, handouts, and a FAMACHA card will be provided at the event.

Topics covered include: identification and lifecycle of internal parasites of economic importance in the upper Midwest, animal risk factors for infection, grazing strategies to reduce infection, effective drug treatment programs, monitoring infection in individual animals and at the flock/herd level, developing an effective and sustainable control program for your individual farm.

Please complete your **registration by June 15**.

Online registration at http://commerce.cashnet.com/msu_3645.

Choose the MSU Extension tab.

Mail-in registration can be completed by filling in the form below and returning to Carla McLachlan.
