***Sheep and Goats for Small Farms***

***March 9, 2019 from 9:00 a.m. to 3:30 p.m.***

***Anthony Hall, Michigan State University, 474 S. Shaw Lane, East Lansing***

- This all-day workshop is focused on presenting information for individuals who have smaller flocks and want to learn more about how to manage the challenges posed by having a small to medium sized operation along with helpful presentations and labs addressing prescient topics.
- Currently, topics are being selected for this year's program. Past years have covered topics such as vaccination schedules, milk marketing, infrastructure, veterinary-client-patient relationships, parasite management, and more, in addition to presentations by Michigan producers.
- Stay tuned for future notifications regarding this event!
