

Meeuwse Farms, LLC

3021 16th Street

Hopkins, Michigan 49328

Performance Tested Polled Dorsets Since 1989

Rams currently available for sale:

- Are all twins or better, born in February and March 2018
- Are all RR at codon 171 for scrapies resistance
- Are all listed on NSIP (flock number 696030) with weaning weight EBV's greater than 2.5 kg, post weaning weight EBV's greater than 5.6 kg, positive values for number of lambs weaned and Carcass+ values greater than 136.6

Our ewe flock is comprised of all twins (or better) sired by RR rams. Our flock sires include Virginia Tech V041 (ranked in the top 1% among proven rams in the Dorset breed for Carcass+ and in the top 10% for weaning weight and number of lambs weaned; July 2018 report) and Meeuwse 16122 (top 1% of proven rams for weaning weight, top 2% for post weaning growth and top 4% for Carcass+; July 2018 report).

We have ewe lambs and bred ewes for sale.

New in 2019, we are offering a 5% discount on breeding stock to MSPA members.
